EN. VILLA IN TOUCH WITH MURDER-BAND

WASHINGTON, Jan. 13.—Collector of Customs Cobb, sent a wire from El Paso to the state department to-day, saying that General Villa was recently seen near the place where 17 Americans were massacred. The fact indicates that he is in close touch with the operations of the bandits. Colonels Lopez, Beltran and Reyna were in actual command of the murderers. The party is said to have fled toward Coratas with Carranza troops, from Juarez and Chihuahua city, in hot pursuit.

MEASURE FOR ARMED INTERVENTION DRAWN

WASHINGTON, Jan. 13.—Senator Lewis introduced a resolution into the senate to-day authorizing the president to use military and naval force in Mexico, for the protection of all Americans there. The measure was hastily drawn and Senator Lewis made the request to have it tabled so that he might prepare a substitute.

HURRICANE SWEEPS A PATH 100 YARDS WIDE

HUNTSVILLE, Ala., Jan. 13.—A terrific hurricane late yesterday swept a path 100 yards in width through the Maysville and the Hurricane Creek districts, killing one and seriously injuring several more. The storm destroyed many buildings, including a church and numerous private dwellings. It is reported that Tom Reddick was instantly struck dead and his home razed.

HUERTA RAPIDLY SINKING.

El Paso, Jan. 13.—General Huerta is rapidly sinking and is reported as being in a state of coma. Death is, at best, but a few hours distant.

BROOKLYN NATIONALS TRAIN IN AUGUSTA, GA. IF FIELD NOT LOAMED

**QUESTION MUST BE
DECIDED THIS WEEK**

ONLY THREE HUNDRED DOLLARS
STANDS BETWEEN NOTED BALL
TEAM COMING HERE TO TRAIN
OR GOING TO AUGUSTA.

"Whether or not the Brooklyn Nationals will train at Seabreeze this season is a question that the people of Daytona, Seabreeze and Daytona Beach must settle and settle quick," says Michael Sholtz, who returned Wednesday night from a two weeks' business trip to New York.

Mr. Sholtz had several conferences with Manager Ebbets, the last conference being held the day of Mr. Sholtz' departure for home. Mr. Eb-

betts insists that loam be placed on the diamond and asks that a telegram be sent him by Mr. Sholtz not later than Sunday stating that this will be done. The alternative is that Brooklyn will train at Augusta, Georgia.

Mr. Sholtz says that the total cost of placing the grounds in acceptable shape will be approximately \$700. Of this amount nearly \$400 has already been subscribed. "It looks as if the remaining \$300 could be raised by a little effort," said Mr. Sholtz to a News representative. "It's now or never. If the grounds are not placed in good condition the Brooklyn Nationals will train at Augusta this season. If they go to Augusta this season they will continue to go there."

That business conditions in the North are far better than at any time in years past is the opinion of Mr. Sholtz. He says Florida will enjoy the greatest season in the history of the state.

HORROR GROWS WHEN DEATH-TRAIN ARRIVES; TWO WOMEN AMONG MURDERED AMERICANS

EL PASO, Jan. 13.—That nine more Americans, including two women—one English and one American—have been murdered at Madera by the followers of Villa, is the report received here to-day from Chihuahua city. The last massacre is believed to be the work of soldiers acting under the orders of General Jose Rodriguez, who recently issued a proclamation to kill every American falling into his hands.

The death train, bearing the bullet-riddled corpses of the citizens of the United States who met their death Monday at Santa Isabel, arrived in Juarez this morning. After a short delay, it proceeded across the Rio Grande to the Santa Fe yards where the bodies were removed. Accompanying the slain, was an armed guard of four Americans who traveled the entire distance from Chihuahua city, after recovering their countrymen's remains.

A troop train filled with Carranza soldiers followed the "death special" closely. When the victims of the massacre arrived, feeling flames higher than ever and fear was felt by the authorities for the lives of the Mexican population. Hatred has been rapidly growing ever since the first news of the outrage reached El Paso.

Upon examination, the corpses showed signs of terrible mutilation from bullets, knives and swords. The body of C. R. Watson had been decapitated with a bayonet and a long search was necessary before the head could be found.

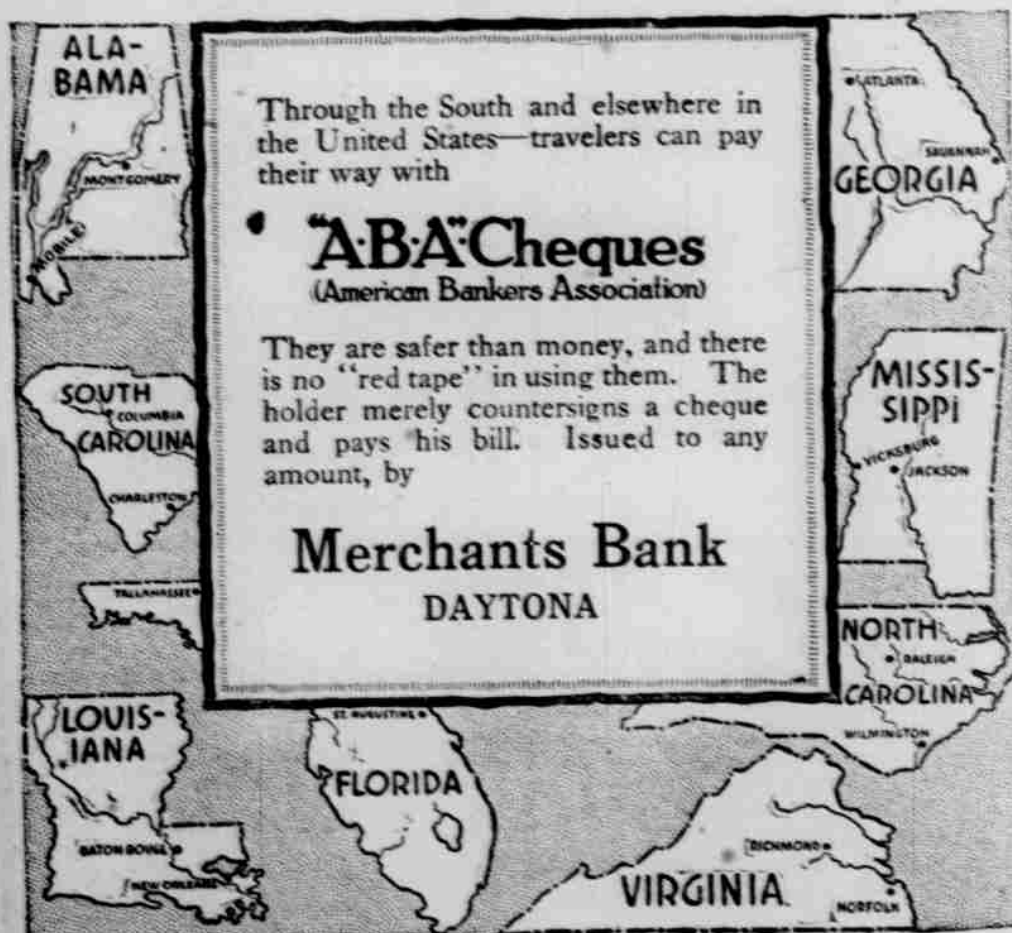

The latest reports point to the fact that the Mexican bandits exercised the most fiendish cruelty in putting their prisoners to death. Villa's soldiers fell upon the Americans like so many wild animals, clawing their faces and tearing off their clothing. But the helpless victims died bravely, like true Americans, and the knowledge that not one begged for mercy, after the purpose of the bandits became clear, meeting their horrible doom with set faces, is ringing through the length and breadth of the land.

Through the South and elsewhere in the United States—travelers can pay their way with

THINK

This statement says: I have a standing challenge to any construction tradesman. Will it be not selling more material faster than the rest of all the rest combined, they may gain their statement in a year before the end of this ad, at my expense.

My sales and a slightly fine profit on this other fellows can hardly see to give the reason why I am selling so nearly all the general contractors.

In the year just passed I used many thousands of barrels of cement. Having in these quantities allow me to make better prices than a man getting a car at long intervals. I am very much pleased that I am selling just after year to the same general contractors.

They must be satisfied, or they would change.

THE WAY THEY DO IT DOWN ON BISCAYNE BAY.

Daytona should emulate Miami. That city has a live chamber of commerce that does things. It has a people united for the upbuilding of Miami. Every citizen of the Magic City is a booster. The disgruntled class is pushed aside, or else they crawl aboard the "booster band-wagon." The moment a stranger "lands" in Miami he is given the glad hand; he is given to understand that it is the finest city on God's green earth; he is told of the attractions of the city. The unlovely spots are reserved for him to learn of his own accord.

Miami is a wonderful city. Daytona is just as wonderful. Daytona lays claim to being "The Prettiest Winter Resort in the World;" the claim is never disputed. The people of Daytona welcome strangers, but a more material evidence of the welcome would be pleasing to the visitors' stay. Give them information that will help make their stay pleasant; there are many little acts of courtesy that can be extended without the exercise of fatiguing effort.

For the next few months they will be pronounced "Pam Beach" (as in "Pam") and "Me-am-e".

Well, well, well! Very well, if harmony is the word—after all the thises, thas and t'others—why, "Barkis is willin'."

Fortunate old Florida—to be mother of such a gloriously beautiful and healthy city as Daytona is! Rejoice, my soul, rejoice! Visitors will kindly join in singing the chorus.

Throughout the length and breadth of the great state of Florida, the Daytona-News company, of Daytona, is the only publishing concern that issues both a morning paper and an afternoon paper. (Business of patting ourselves on the back!)

Here's another choice little bit of news which, for sentimental and other good and sufficient reasons, we print under the News' "masthead": The Daytona Hotel News is read by more Florida hotel guests than is any other paper published in the world.

Friend Hotel Guest: "Drop around" to the News building any time you feel like it and receive a cordial welcome. It's our business and pleasure to try to co-operate with the other influences which tend to make strangers glad they came to Daytona. Walk right in.

Extremely modest as we are, that nomination to the office of highcock-bell-ringer for this happy Halifax land is hereby accepted. By the way, since thinking of the matter a little more seriously, it occurs to us that the better plan would be to make EVERYBODY "president" of the booster bunch.

The labor strike which recently threw Youngstown, Ohio, into a very anomalous condition of lawlessness has been settled—but not until after lives had been sacrificed, scores of men injured and maimed, and over a million dollars worth of property destroyed. The nearly ten thousand strikers gained a ten per cent. increase in wages—but at what fearful cost! If they were entitled to better pay, or rather if conditions warranted their being paid more money, they should have been granted it on the instant their employers were notified of their demands. If the workers' demands were not just—well, it would be merely a waste of time and energy to comment upon the vagaries of human nature and the unbridled greed and passions of mankind in general.

In the municipal spot-light just now is the momentous duty of choosing men to act as administrators of the Daytona public's affairs after the present guardians of the common weal shall have been freed of that burden. May we, without incurring danger of being drawn and quartered for having our own and all of our fellow-citizens' good at heart, suggest that the commissioners shortly to be selected should be men of the broadest mental calibre, men of experience, quick-witted and fearless men who will not easily be appalled and probably nonplussed by the manifold complexities that may ever be dependent upon to obtrude themselves athwart or into intimate juxtaposition with the paths of public officials invested with executive power. With no motive in mind except that born of a sincere desire to assist in the promotion of the common welfare we urge the franchise-holding Daytona public to stand united and elect the right sort of men.

OFFICIAL REPORT AS TO CONDITION EAST COAST ROADS

FLORIDA COUNTY'S HIGHWAYS AMONG THE BEST IN THE COUNTIES BETWEEN DUVAL AND DADE.

In the East Coast chamber of commerce, a convention of which was in session at Miami on Tuesday and Wednesday of this week, the organization's president, R. J. Kishpaugh, of West Palm Beach, made the following report, published in Wednesday's edition of the Miami Herald, concerning the condition of the public highways traversing the East Coast:

Mr. Kishpaugh "explained that his information was had, principally, from the county clerks of the several counties comprising the territory designated in the constitution of the organization. Letters were written to the county clerks, but some failed to reply."

We received replies from Dade, Duval, Brevard, Volusia and St. Johns counties," Mr. Kishpaugh said. "Inquiries," he continued, "asked for specific information as to the condition of the roads from Jacksonville to Miami, and from Jacksonville to Daytona, were considered this of common interest to all members of this organization."

The county clerk of St. Johns reported that all the Dixie highway passing through his county

is hard-surfaced, being paved with brick from one end of the county to the other, the condition of the highway is as "fine as silk," markers have been placed so as to show the curves, tributary roads, distances and mile posts and that shade trees and palms are being planted along the roadside, and \$659,000 has been spent on the main line road, which has a right-of-way of 40 feet.

"Volusia county's part of the Dixie highway was declared to be shell paved and in good condition, the surface free from holes, markers showing distances, directions and curves are posted, but nothing has been done toward beautification. The right-of-way is thirty feet. \$300,000 will be spent on the main line during the current year."

"The main line through Brevard county is 66 miles in length, and the entire distance is hard-surfaced except two miles at Delespine. The condition was described as good. Markers have been placed, but nothing has yet been done toward beautification. This will be attempted later. \$200,000 has been spent, and \$60,000 dollars will be expended during the current year. The average width is 54 feet."

"No official report was received from St. Lucie's county clerk, but R. L. Goodwin, of Fort Pierce, declared the roads north of Fort Pierce were good, and south of the town they were excellent, while in the limits of Fort Pierce they were very poor."

"The condition of Palm Beach county's roads were said to have been poor, especially from Stuart to West Palm Beach, but recent work has improved them considerably, and with-

in a few weeks they should be in good condition. The roads are hard-surfaced. Several hundred thousand dollars have been spent and \$430,000 provided for a bridge across the St. Lucie river at Stuart, and the main line road, which is expected to be completed during the present year. The right-of-way averages about 30 feet, and hard-surfacing will be 16 feet.

"Some work has been done to beautify the Palm Beach county roads but there has been no systematic plan adopted; but the West Palm Beach board of trade and civic organizations of the county have committed themselves to a policy of beautification and requested the county commissioners to secure a right-of-way of at least 50 feet."

"Broward county's clerk neglected to report, but it is known that the roads and bridges are in fairly good condition and plans are being considered for their improvement. Nine miles of the main road is to be rebuilt with money provided by the recent bond issue sold by Palm Beach county, from a part of which Broward county was formed. That part of the road that was formerly in Dade county was reported as being in excellent condition, the road being made of rock, oiled and sand-surfaced, and the right-of-way is 30 feet, with

a hard surface of 16 to 20 feet. Australian pines two to four years old beautify the roadside."

"Dade county and St. Johns county roads were declared to be the best on the East Coast as reported to the committee. The committee commented on the excellent condition of the Dade county roads and the beautiful Australian pines bordering the main highway from one end to the other."

"While the entire highway from Jacksonville to Miami is passable for automobiles, and a part of it is as fine a roadway as can be found in America, it is to be deplored that the entire distance is not up to the standard, or average automobile road in the Northern or Western states," Mr. Kishpaugh continued.

"John D. Baker, of Jacksonville, representing that city's chamber of commerce, deplored the failure of the clerk to make a report, and added that the condition of Duval county's roads was on the whole excellent, except for a small portion."

"The report concluded with recommendations that the boards of county commissioners of the several counties through which the Dixie highway passes be requested to take steps to at once secure a right-of-way of not less than 50 feet, and the secretary of the association be instructed to

urge all civic bodies composing the organization to pass suitable resolutions to this end."

"A further recommendation urged that all affiliated civic societies adopt a definite policy or highway beautification and devise ways and means for its execution, the work already done in Dade and St. Johns counties being pointed to as notable examples of what can be accomplished. The suggestion was made that schools and women's clubs be interested. Shading was declared to be necessary to the economical maintenance of roads."

"It was declared that the European custom of planting fruit trees along the roadside, while an attractive plan, would be impracticable under existing conditions of law enforcement, as vandals would probably rob the trees, or decaying fruit pollute the roadside."

"The legislature of the state should be requested to designate a holiday to be known as 'highway beautification day,' which should be observed throughout the state to create a sentiment favorable to better roads and more beautiful roadsides, was another recommendation."

"We recommend that more attention be given to road maintenance, the report continues. 'It is useless to build good roads and leave them uncared for until they are practically

impassable. Our civic organizations should urge the county officials to make a more adequate provision for maintenance."

"Mr. Kishpaugh concluded by recommending that wherever possible United States experts should be secured as consulting engineers to act in conjunction with county engineers in constructing highways."

PORT ORANGE.

PORT ORANGE, Jan. 12.—Mrs.
Clara Needham, of New York, is oc-
cupying her winter home, corner of
Herbert and Riverview, and plans to
remain for the winter as has been her
custom for a number of years.

Mr. and Mrs. S. C. Nixon, of Deer
Creek, Ill., have rooms in the Dun-
canville house on the south side of
Dunlawton avenue. This is their first
visit and they are well pleased with
this part of the "sunny South."

Mr. and Mrs. W. C. Moore, Miss
Mary and sister, arrived a few days
since and are occupying their home
on South Orange next to the school.
They were unable to come South for
the past two winters on account of
business. Their friends are glad to
again greet them.

Frank Zimmerman, from Chicago,
is at Tribble's for some weeks' stay.
As Frank used to be quite a fisher-
man, the other anglers had better
get a "move" on or they may get
left.

The pupils of the public school un-
der the able direction of their teach-
ers, are preparing some exhibits for
the county fair.

Jesse W. Metts and Mrs. Ianthe
Nelson were married by Justice Case
on Sunday night at the residence of
the groom's brother, Will Metts.

The Port Orange Telephone com-
pany held its first annual election for
directors on Tuesday night and the
following were chosen: D. E. Lyon,
S. G. Martin, J. B. Case, P. M. Town-
sley, J. L. Bailey, C. C. Price, and
K. J. Bemis.

Willbur-by-the-Sea expects to have
telephone connection with this place
in the near future.

Collector A. M. Martin is now pre-
pared to receive the taxes and issue
licenses for the town of Port Orange.

If you read it in the Daily News it
is pretty apt to be just that way.

ORMOND

ORMOND, Jan. 12.—Ormond now
has electric lights on the streets and
in the new memorial library build-
ing and will soon have them in the
town hall and stores, as well as in
various private residences now being
wired. The electric light plant has
been installed in connection with the
ice plant of the Ormond Supply com-
pany, and great credit is due the push
and energy of Lars Bostrom in bring-
ing his efforts in this line to so suc-
cessful and satisfactory an issue.

George H. Sage and daughter, Lau-
ra Lee, together with Mr. Sage's father
and mother, Mr. and Mrs. Freder-
ick Bassett, of Enfield, Conn., and
Philemon Robbins, of Hartford, ar-
rived on Tuesday of last week; being
joined on Wednesday of this week by
Mrs. Sage and Mrs. Robbins. "Mer-
rivale," the winter home of Mr. and
Mrs. Sage, is again opened for the
season. Mr. and Mrs. Robbins will
be guests at Bretton Inn for the re-
mainder of the season.

Mrs. Casper Baker, daughter Marion,
and son Edwin, arrived from Sewick-
ley, Pa., on Wednesday of last week
and have again opened the Scobie
home on Palmetto street. Mrs. Baker
was accompanied by her brother, W.
A. Scobie, of Pittsburg, who will be
in Ormond the remainder of the se-
son. Edwin Baker, who is in the
senior year of high school work, is
attending the Daytona high school.

The "Leap Year dance," given by
the young ladies of Ormond on Fri-
day evening in the auditorium of the
library building, was very success-
fully carried out, the gentlemen feeling
that every attention that courtesy de-
manded was accorded them. On Fri-
day evening of this week the gen-
tlemen will return the favor by giving
a dance at the same place, when an-
other good time is anticipated.

Mrs. Eliza Graves, with her com-
panion, arrived from Wallkill, N. Y.,
the early part of last week. Mrs.
Graves, after spending a few days at
Bretton Inn, opened the Borden home
on Palmetto street on Friday. Mrs.
Borden, who has not yet come down,
is expected soon.

Mr. and Mrs. S. A. Briggs, of Buf-
falo, N. Y., are in Ormond and will
be on Lincoln street at the home of
Gilbert Griffin, Mrs. Briggs' father,
for the remainder of the season.

Mr. and Mrs. A. J. Riley, from the
state of New York, are in Ormond,
and have rented the Lippincott cot-
tage on Palmetto street for the win-
ter.

Hotel Ormond, under the manage-
ment of the genial D. J. Trudeau,
opened its season on Saturday with
a luncheon, a large number of regular
guests being present than usual on
former openings, besides the "Colver
personally conducted party," from
Cleveland, numbering 27. The regular
opening dinner to Ormond friends was
given on Sunday night. Over 20 of
the village people being present as
guests on this occasion. After the

dinner the usual Sunday night concert
was given by Fenwick's orchestra, of
New York, this orchestra having been
at the Ormond for several seasons
past, those present giving Mr. Roent-
gen, the always popular leader, a very
warm welcome. The Ormond has
opened under very favorable auspices
and every indication points to one
of the most successful seasons in its
experience.

C. Frow Russell entertained at
dinner on Tuesday evening, at Bretton
Inn, the Misses Margaret Shaw, Ger-
trude Hanson and Lucy Reilly, Hu-
bert Price, and Harold Waldron. The
table was beautifully decorated with
narcissi and pansies and an elaborate
and most delicious dinner of several
courses was served, after which the
guests were still further entertained
by a trip to Daytona to be movies.

Mr. and Mrs. Fred C. Hamilton, of
Winnipeg, Manitoba, with their little
daughter, Ruth, arrived in Ormond on
Monday. While here Mr. and Mrs.
Hamilton will be the guests of Mrs.
Hamilton's parents, Mr. and Mrs. J.
R. Clements, on Palmetto street.

A Leamington, Ont., paper states
that Mrs. Mary E. Maxon, widow of
Dr. Maxon, of that place, died recently
in St. Petersburg, Fla. Mrs. Maxon
had started a few days previously for

Ormond, but while enroute decided to
go to St. Petersburg and spend Christ-
mas with friends at that place. She
was taken ill with pneumonia while
still on the train and passed away
within three days. The body was
taken to Leamington for interment.
Dr. and Mrs. Maxon were well known
in Ormond, where they had spent
many seasons. The doctor passed
away some two or three years ago,
but Mrs. Maxon continued spending
her winters here. She was of a very
kindly, cheery disposition, doing
many neighborly acts and endearing
herself to those who knew her well.
She is survived by a son, whose home
is in Leamington.

The regular meeting of the Village
Improvement association was held on
Friday, January 7, in the auditorium
of the new library. Miss Weatherbee
in the chair. Owing to the program
committee being unable to fill the pro-
gram as planned, Dr. John M. Rich-
mond was persuaded to give his ad-
dress on "Our Times," that afternoon
instead of on the afternoon of the 27th,
as scheduled in the year-book. Dr.
Richmond's address was rich in quo-
tations and comparisons, as well as in
thought, and held the closest atten-
tion of the audience throughout the

discourse. Refreshments of tea and
cakes followed, served by the host-
esses of the day, Mrs. Carrie Pitts,
Mrs. Ada C. Hinkley and Mrs. Daniel
Abbott, others assisting.

On New Year's night the annual
reception of the Village Improvement
association was held in the auditor-
ium of the new Anderson and Price
memorial library building. This was
intended to be in the nature of a
house warming, all of the townspeo-
ple and guests being cordially invited
and made most welcome. The current
of the new electric light plant was
turned on for the first time that
evening and the whole library build-
ing was brilliantly lighted for the
occasion. The decorations consisting
of poinsettias, hyacinths, magnolia
and palm branches, were used very
effectively. In the receiving line were
the president of the association, Miss
Weatherbee, and the following mem-
bers of the building committee: Mrs.
Macon Thornton, Mrs. Udera Watson,
Mrs. James E. Francis and Mrs. J. R.
Clements; the other members of this
committee, with the exception of Mrs.
H. B. Shaw, who was ill, being still in
the North. A short musical program
was rendered, and a very enjoyable
recitation, "Athletics at Siwash Col-
lege," was given by Benjamin Shaw.

Among other pleasing features of the
occasion was the suggestion of Pro-
fessor Pinkerton that a vote of thanks
be given Lars Bostrom and the Or-
mond Supply company for making
possible the electric illumination; and
the suggestion of Dr. John M. Rich-
mond that three cheers be given to
the architect of the building, George
A. Carleton, for the real shown as
well as for all he had done toward
making this beautiful structure such
a credit to the Village Improvement
association and to everybody con-
nected with the town. The enthusiasm
with which these suggestions were re-
ceived gave every evidence of the
appreciation of those present for the
work of these two gentlemen. Re-
freshments of coffee, sandwiches and
cake were served by daintily gowned
young girls. The floor was then clear-
ed and dancing followed, much to the
gratification of the young people, and
to many of the lookers-on with young
hearts. This New Year's reception,
which was so successfully planned
and carried out, was in charge of Mrs.
H. B. Shaw, chairman, most ably as-
sisted by Miss Margaret Howe, Mrs.
George N. Rigby and Miss Ella
Foulke.

INTERESTING CASE IS SENT OVER TO CRIMINAL COURT

JUSTICE OF THE PEACE JOHN W. WILLIAMS BINDS OVER S. F. SMITH CASE TO COUNTY CRIMINAL COURT.

At the preliminary hearing before Justice of the Peace John W. Williams, of Seabreeze, at the Seabreeze town hall Wednesday afternoon at 2 o'clock, the defendant in the case of the State of Florida against S. F. Smith, was bound over to the next term of the criminal court in the second week in February.

A large crowd was in attendance to hear the case, which is one of great interest and Harry A. Horn, Daytona Beach town attorney, was counsel for the defendant, while County Attorney Roy P. Hamlin, of DeLand, presented the case for the state.

Section 3468 of the Florida statutes reads as follows: "It shall be unlawful for any commissioned or other officer of this state, or for any officer of any public road or street, to enter into, or be in any way connected in, a contract for the work of any public road or street, the construction or building of any bridge, the erection or building of any house, or for the performance of any other work in which the said officer is a party to the letting."

On the charge of disobeying this section of the law, Mr. Smith, the defendant, was arrested several weeks ago, at the instance of G. P. Johnson, Daytona Beach town councilman, and made to give bond for appearance at trial which might be called. The case stated that Mr. Smith was illegally holding both the office of president of the Daytona Beach town council and the office of superintendent of the Daytona Beach municipal waterworks at the same time, thus disobeying the section of the Florida statutes.

The main point of discussion brought forward at the trial was whether or not Mr. Smith had entered

into a contract or was a party to the letting of one. The defense well and truly showed that Mr. Smith did not vote for himself when he was given the place of waterworks superintendent as an examination of the minutes of Town Clerk T. G. Gushee proved it is very seldom that the president of the council votes except in case of a tie. The justice of the peace, however, felt that there was still room for doubt as to the absence of any cause of guilt in the defendant and for that reason bound over the case to the criminal court.

Good arguments were brought forward by both the prosecuting attorney and counsel for defense which were appreciated by the hearers.

Bond to the amount of \$200 was willingly furnished by several of Mr. Smith's many friends, all of whom hope for his vindication at the February trial.

The statement was made by several after the hearing was concluded yesterday that there were not five people on the peninsula who thought that Mr. Smith was in any way guilty on the present charge and that if he were, not a dozen would wish him to go to court over it. The popular feeling is greatly in Mr. Smith's favor as he has been the principal worker in getting the municipal waterworks installed in Daytona Beach and at present does the work of superintendent for half of what any other good engineer would charge.

No other case of the same nature has ever come up before the courts of the state and for this reason the present case decision will probably be cited at every other trial of its kind.

GUESTS PLEASANT WITH GOOD TENNIS COURTS

With the exception of the golf links, Clarendon guests and cottagers find the excellent tennis courts provided for their use, the chief source of pleasure and sport. Just before the opening of the hotel these fine courts were thoroughly repaired for the season and are now in their best condition.

The pleasant days see the courts occupied throughout nearly the entire hours of daylight, and if such clement weather prevails during the remainder of the season it will almost be necessary for the management to lay out new courts on some of their unoccupied ground space.

Optimism Not Always Reassuring
"I read with intense interest," said Noyes E. Brewmore, "the story of the boy with a smile who worked his way up rung by rung until he became president of a trust company. Personally, however, whenever a man with a smile approaches and gives me the glad hand, I feel instinctively that I am due for a touch."—Kansas City Star.

New Fact for Historians.
Funny answers by school children are an old story, but the fact vouched for by one of these same children that "Louis XVI was gelatinized during the French revolution" is new enough to suit the most fastidious.

Fashioned by Adversity.
Many a man never found himself until he lost all he had. Adversity stripped him only to discover him. Hardships and obstacles are the mallet and chisel which shape strong lives into beauty. The hardships of poverty may bring out the diamond in us. We always do our best while fighting desperately and faithfully to attain what the heart covets.

SEABREEZE PERSONALS

Mr. and Mrs. F. C. Lewis, of Chicago, Ill., have arrived at the Hotel Clarendon for an indefinite stay.

W. G. Studwell and Mrs. Andrew Ferris, of Chicago, Ill., arrived Tuesday to spend some time in Seabreeze, guests of the Hotel Clarendon.

Mrs. Dillon delightfully entertained a party of friends at dinner yesterday Tuesday evening at the Hotel Clarendon. Following the dinner, the party repaired to the lobby where the evening was delightfully spent in listening to the music which was beautifully rendered by the Clarendon orchestra.

So many guests were present at the card party held last Wednesday at one of the local hotels on the corner of Earl street and Ocean avenue that all could not be accommodated at the same time. For this reason, another party will be held Friday evening for those who desire to attend and those who were unable to join in the games last Wednesday.

MOTOR PARTY TO NEW SMYRNA WEDNESDAY

A motor party consisting of Mrs. Geo. P. Johnson, Mrs. E. S. Frederick, Miss Lucile Johnson, Miss Delia Towne, Roy Tucker and F. W. Amason enjoyed a trip to New Smyrna Wednesday afternoon.

The party visited the Johnson orange grove in that city and returned to their homes here after having spent a very delightful day.

NORTHERN NEW YORK PEOPLE STOP AT PRINCESS ISSENA

Mr. and Mrs. Geo. A. Lance, of Watertown, N. Y., arrived Tuesday afternoon from their home in that city, and are now registered at the Princess Isseena. Mr. and Mrs. Lance who are prominent people in northern New York state, motored from the North to Seabreeze in their handsome, large touring car and are anticipating many pleasant drives later in the season. The present is the first winter in which Mr. and Mrs. Lance have made a trip to the South in many years and they had never visited Seabreeze before. They are greatly delighted with this locality and wish they could spend the remainder of the season here, but will follow out their original plans, making a tour of the state. Miami is the farthest point South which Mr. and Mrs. Lance will touch on the continuance of their trip.

Every day is summer in Daytona.

BOSTON SCHOOL OFFICIAL EXPECTED TO ARRIVE SOON

Mr. and Mrs. M. T. Pritchard are expected Friday to arrive and spend the next two months at their home on Hollywood avenue. Mr. Pritchard holds one of the principal offices of Boston's public school system and is unable to make his annual winter stay as long as he wishes. His visit has been shortened by several weeks this season on account of his inability to leave the Hub city because so many of the school teachers have been ill with the gripe.

Mr. and Mrs. Pritchard will be accompanied by E. R. Pritchard and Miss Jessie Brown, also of Boston.

Fortunate Countries.

The lands most free from earthquake convulsions are Africa, Australia, Russia, Siberia, Scandinavia and Canada.

Street Car Amenities

"I would get up and give you my seat, miss," said the ruddy-faced man in the crowded car, "but I don't feel it to be my duty. I am old enough to be your father." "You hold your age and your seat remarkably well, sir," replied the young woman, grasping a strap as the car lurched.—Boston Transcript.

Indigestion.

Indigestion follows rye bread only because of the yeast in it. The temperature of the intestines is the most favorable possible for producing a renewed "rising" of the yeast, and through this chemical process the intestines are poisoned, and other foods, notably the acids from fruits and some vegetable, add to the trouble.

DAYTONA BEACH LOCALS

Miss Gertrude Randall will entertain at auction bridge at her home on Hollywood avenue, this evening.

Mr. and Mrs. J. C. Young and Mrs. Worrell and two children are located at the Sweeney apartment on Harvey street for the winter.

Mrs. Julia Arnold arrived this week from her Northern home in Cincinnati, Ohio, and will spend the remainder of the present winter in this town.

Albert J. Fowler and J. T. Cunningham, of Monroe, Ill., arrived yesterday and are spending a few weeks at the beach, being at present located at the Palm on Seabreeze avenue.

W. M. Oehler returned Tuesday evening from a three days' trip to Eustis, where he has been visiting friends. Mr. Oehler went down to Eustis by automobile last Sunday.

Mr. and Mrs. G. W. Rose, who recently arrived from their Northern home in Portlandville, N. Y., are pleasantly located for the remainder of the winter in the Orr apartment on Seabreeze avenue.

Mrs. H. C. Miller, of Pine Bluff, Ark., is expected to arrive soon and will spend the remainder of the winter in Daytona Beach with her daughter and son-in-law, Mr. and Mrs. J. P. Glenn, at the Seaside Inn.

Mrs. Emma Kingston, of Ohio state, leaves this afternoon for Coronado, where she will spend several weeks visiting friends. Mrs. Kingston will return to Daytona Beach before leaving for the North in the spring.

The many friends of Mrs. McDavid, who has been ill and under the care of a trained nurse and doctor for some time at the Seaside Inn, will be pleased to know that she is improving rapidly and is able to be up and around again.

Card parties will be given every Wednesday evening at the Seaside Inn, also musical concerts by Miss Hunter, a talented musician from Cleveland, Ohio, every Sunday evening. All friends and guests of the Inn are cordially invited.

Mr. and Mrs. M. D. Cecil Dupont came up from the southern part of the state Wednesday and were seen here shaking hands with his old acquaintances yesterday afternoon. Mr. Dupont, who came to Daytona on a short business trip, left on his return this morning.

An informal dance was enjoyed by the guests at the Daytona Beach hotel last evening. The spacious dining room was cleared for dancing and the music was furnished by the Victrola. The jolly party danced until late in the evening. Mrs. Ayres is a most gracious hostess and her hospitality was thoroughly enjoyed by all in attendance.

Mr. and Mrs. J. Z. Coughlin and party, who are motoring from their Northern home in the state of New York to Miami, were in Seabreeze a few hours Wednesday afternoon. The party expressed themselves greatly pleased with the attractive scenery along the river road from Number 9 orange grove several miles above Omond, all the way into town.

PARTY SPENDS PLEASANT DAY AT DELEON SPRINGS

A motor party consisting of Mr. and Mrs. J. C. Young, J. H. Collier, Mrs. Worrell and children, and J. R. Collier, spent Tuesday in enjoying a trip to DeLeon Springs. The party carried sumptuous basket lunches and a delightful day was spent in visiting places of interest in and around DeLeon and DeLand. They returned to their homes here late in the evening very much elated over the beautiful scenery and many attractions of our neighboring towns.

The "SILENT SMITH"

—Model 8 shows what should now be expected of a typewriter.

Ball Bearing; Long Wearing

The success of the L. C. Smith & Bros. Typewriters has been due to the fact that the wants of the user have dictated its construction. The user has decided in favor of certain improvements now incorporated in Model 8. Among them are:

Silence of Operation—The most silent running efficient typewriter ever placed on the market. Absolute silence has been very nearly attained.

Decimal Tabulator—A help in billing and tabulating. There is no extra charge for this convenience.

Variable Line Spacer—Enables the operator to start on a given line and space from point of starting; also to write on ruled lines whose spacing varies from typewriter spacing. A great help in card work.

Faster Ribbon Feed—Insures new place of impact for each typeface.

Choice of Carriage Return—Upon special order the new left hand carriage return will be furnished in place of the right hand return.

All the important features of previous models have been retained—ball bearing carriage, typebars and capital shift, back spacer, key-controlled ribbon, removable platen, protected type, flexible paper feed and automatic ribbon reverse.

Write for New Catalog of Model 8. It will explain why the L. C. Smith & Bros. Typewriter is a synonym for superior service.

PUBLIC SERVICE EMPLOYEES MEET

A general and exclusive meeting of the members of the Daytona Public Service company, the first of a series, was held Wednesday evening in the office of the company in West street.

These meetings, which will probably be held every two weeks, are for the purpose of giving the employees an opportunity to discuss with their work and to answer and address to their officers and members of the public, both in the interest of the company and the public. The meetings will take place at times in accordance to convenience to all.

The meeting Wednesday evening was addressed to by Mr. L. L. Lafferty and B. J. Lafferty, manager for the company. Mr. Lafferty spoke in general of the importance of a charitable institution and the value to the city of having a business enterprise with the public. Mr. Lafferty has had much of personal experience in this regard and his suggestions on this point to society of great consideration. He made a number of suggestions, which he stated, he intended to bring before the board. He stated that the company was not a charity, but a business enterprise, and that it was not a charity, but a business enterprise, and that it was not a charity, but a business enterprise.

BASKET BALL GAME AT THE ARCADE

PUBLIC SERVICE EMPLOYEES MEET

A pleasant and profitable meeting of the employees of the Daytona Public Service company, the first of a series, was held Wednesday evening in the office of the company on Magnolia avenue.

These meetings, which will probably be held every two weeks, are for the purpose of getting the employees in harmony with their work and one another and adding to their efficiency in dealing with the public, both in the interest of the company and its patrons. The meetings will from time to time be addressed by prominent local men.

The meeting Wednesday evening was addressed by Geo. H. Ludwig and R. Y. Conklin, manager for the company. Mr. Ludwig spoke in general of the importance of a cheerful disposition and its value to the man or woman in business dealings with the public. Mr. Ludwig has had many years of personal experience in this respect and his suggestion on this line is worthy of deep consideration. Manager Conklin spoke on similar lines, his subject being, "The Value of a Smile in Meeting the Public," and he also emphasized the importance of rendering good service for the upbuilding of business.

At the close of the meeting a collation was served in the office and a pleasant social time enjoyed.

BASKET BALL GAME AT THE ARCADE

What promises to be an exceedingly interesting game of basket ball will be played at the Arcade tomorrow evening when the Gainesville high school teams will battle for the victory. The game will begin at 8:00 o'clock and should be a good one as the Gainesville team is considered one of the best in the state and the Daytona team is in excellent trim as was evidenced by the close and hard-fought game with the Stetson team last Saturday. All persons interested in basket ball should attend the game at the Arcade tomorrow evening.

"CONSTRUCTIVE" MEETING AT NEW DAYTONA THEATER

The Daily News has been requested to publish the following:

"For some time the reading public has followed the growth of the Daytona Educational and Industrial Training School for Negro Girls, and in keeping with this progress, there will be held a large constructive meeting at the New Daytona theater, Friday evening, January 14, at 8 o'clock, at which the cause and its needs will be put forward with a view of making good, strong friends for the school and for the cause of racial uplift.

"A special program of plantation melodies will be rendered, and strong endorsements of prominent business men, bankers and ministers from Daytona, Daytona Beach and Seabreeze will be read from the platform.

"Dr. McKay and Mrs. Bethune will deliver the principal addresses. Those who have heard Mrs. Bethune are always anxious to hear her again for she is intensely practical and to the point.

"The writer has visited and inspected the school and it is worthy, entirely so, of the good will and cordial support of all thoughtful people. Mrs. Bethune is especially anxious that the people of this immediate community be present at the meeting, showing by their presence their interest in, and loyalty to, the work she is doing for this community."

MRS. E. A. FITTER DIES IN BROOKLYN

WELL-KNOWN WINTER VISITOR
SUCCEEDED AFTER BRIEF ILL-
NESS OF PNEUMONIA—HAD EX-
PECTED TO ARRIVE SATURDAY.

After being ill but a couple of days with pneumonia, Mrs. E. A. Fitter, a well-known winter guest of the Despland hotel for several seasons past, died at her Brooklyn home last Friday, according to information just received in Daytona.

Mr. and Mrs. Fitter have been coming to Daytona for many years and are comparatively well-known here. They had reservations at the Despland for the present season and had expected to arrive in Daytona next Saturday.

"THE UNKNOWN" AT THE CRYSTAL TODAY

How a Victoria cross, won by a son in memory of his lost father, saves him from death and gives to him the girl he loves, are some of the instances in the thrilling drama, "The Unknown," in which Lou Tellegen will appear in the stellar role at the Crystal theater today. How the father, after persecuting his boy for months, finally recognizes the cross and permits him to go free, presents an unusual situation for a photo-drama. The scenes are laid in a little Algerian town at the edge of the great Sahara desert and the actors in this fascinating drama are members of the famous foreign legion, that military sanctuary where men who have met with misfortune or disgrace may redeem their past by bravery and honorable service.

In the cast supporting Mr. Tellegen, who will be remembered here by his splendid performance in "The Explorer," are Theodore Roberts, Hal Clements, Dorothy Davenport, Horace B. Carpenter, Tom Forman, Raymond Hatton and other members of the Lasky all-star organization.

STOCKHOLDERS' MEETING AT FIRST NATIONAL BANK

The annual meeting of the stockholders of the First National bank of this city was held Wednesday from 10:00 a. m. to 2:00 p. m., at which the following directors were elected: R. S. Maley, C. B. Seaman, J. J. Randall, E. Kreitzberg, Elmer Oliver, W. R. Phillips, L. Z. Burdick, James Carrell and W. E. Sullivan.

The directors organized by electing the same officers who served last year. A nice sum was added to the surplus and also to the undivided profit account. A very satisfactory increase was shown in the deposits for the past year, amounting to about 20 per cent.

DELIGHTFUL SOCIAL EVENT AT THE MAGNOLIA HOTEL

One of the most brilliant social affairs held at the Magnolia hotel this season was given Wednesday evening in honor of Madame Henrietta Meyer, of Boston, Mass., who will soon depart for Miami. Madame Meyer was presented with a very handsome guest daughter of the late Dr. Up-de-Graff, daughter of the late Dr. Pp-de-Graff, of Elmira, N. Y., and Dr. E. D. Paxson, of New York City, were awarded the prizes at cards. Miss Blanche Metzger, a gifted pianist, delightfully entertained the party with several selections and dainty refreshments were served. Those in charge were Misses Adelaide Young, Flora Small and Lee Bowers.

INTERESTING TALK ON SCHOOL SYSTEM

The regular meeting of the Parent-Teacher association was held Wednesday afternoon at 3:15, Mrs. J. D. Maley presiding.

Regular business was transacted. It was reported by Mrs. J. B. Garrison that all the money on hand might be used in buying reference books for the different grades. The following ladies were appointed to take up the matter of reference books: Mrs. Armstrong, Mrs. Garrison, Miss Bainter and Miss Purdy. Principal Marks will also lend his assistance. The question box question was then discussed. Principal Marks is open for discussion on this point from parents as to whether the pupil is over-taxed with school work.

Mrs. Celeste Hinks charmingly read "The Dobbins Family," a very witty and capricious piece. Mrs. Hinks' efforts were thoroughly enjoyed by all. Miss Newell pleasingly rendered a

vocal selection, and was accompanied on the piano by Mrs. Otis.

Mrs. R. B. Ennes, of Evanston, Ill., vice president of playgrounds in that city, gave a very interesting talk on the Gary school system, and explained thoroughly this new theory, yet old, which means longer school hours each day, six days a week instead of five, making the class room do twice as much as formerly and dividing the time by an intervening session of supervised play. William Wirt, the founder of this particular system, spent a great many years and untiring effort to bring about good results which are, without doubt, full of merit, so much so that the Gary system is being tried out in a great many cities over the country, including New York City.

Mrs. Ennes' talk was very much enjoyed by those present, and this very charming woman, with wonderful personality, in a most eloquent manner showed the association that the work in this field of child-training is only begun, and vast possibilities may be accomplished by unceasing effort, which quality has long since been shown by the Parent-Teacher association.

THE YACHT NYMPH REPORTS LOW WATER

The cruising power yacht Nymph, 75 feet over all, hailing from Port Clinton, Ohio, and as pretty a craft as one could wish for, tied up at the cement bridge Thursday morning.

The Nymph is owned by J. R. Brownell, of Dayton, Ohio, who is on his way to Miami and points south. F. W. Howell, also of Dayton, accompanies him as a guest. It is probable that the remainder of the winter cruising party will join the vessel at Miami or Key West.

The Nymph left Jacksonville on Sunday morning, where she had been laid up for the season. Her captain spoke rather forcibly concerning the lack of water in the canals and Mr. Brownell added with some humor that every time they had pushed the boat off of one mud flat they pushed her on to another.

It is the intention of the party to leave Daytona on the favorable tide tomorrow morning. They will make

the run to Miami on the outside, coming into Biscayne bay around Cape Florida and so on up the dredged channel.

The Nymph is equipped with a powerful Sterling engine of high horse power.

HAD BUILDING DAMAGED BY NORTHERN BLIZZARD

Al. N. King, the popular tennorial artist of Mills' barber shop, who conducts a shop summers at Nahant, Mass., is in receipt of a communication saying the roof was blown from his building in the recent blizzard, but did little damage to the furniture. The Lynn Telegram publishes a cartoon showing the wrecked building and depicting the storm so severe that a policeman had his shoes blown from his feet, and had to hold on to a swaying telegraph pole to keep his equilibrium. Mr. King, who was also here last year, says he finds the climate in Daytona so delightful that he expects to return every winter.

Uncle Eben's Philosophy.
"De man dat sells de dice," said Uncle Eben, "is de only one dat makes sure money out'n a crap game."

Let Us Furnish the Home to be—

Let's have the Furnishings in keeping with the Architecture, no matter what kind of house it is—a mansion or a cottage—we have the goods. If we don't happen to have just what you want, we will be delighted to get it for you.

THE WEATHER

As the weather man tells the residents of the East Coast to expect this tonight. Well, we'll see! You remember what happened the last time he said that. The sun shone brighter than ever before. Nevertheless, sometimes he is right. Better than over your porch chairs and under the hammocks before going to bed.

The weather man says that the central portion of the state may see some frost and that the temperature in the cane region has dropped to 26 degrees. The blue sky will return today and the sun will endeavor to make up for tomorrow's rain. That's official, but you can bank on its accuracy.

Weak northwest winds are scheduled to sweep the north section and clear the southern portion.

By No Means.
Fighting in the air doesn't necessarily raise the plane of warfare.—*Wall Street Journal.*

Genius.
Genius appears to be nothing more than associative faculty of high order. High order of associative faculty belongs to the group of phenomena by which individuals whose cell protoplasm has been sensitized beyond the mean degree. This sensitization is due to mis-education, influence, no matter whether direct or indirect, impression made by material products, from liberated endotoxins or from proteolytic end-products.

Feared for Grandma.
Billy is fond of attending the picnic shows with his grandma and he considers himself her chief protector. One evening a large black bear was introduced and all sorts of antics in the arena, which Billy was enjoying immensely until suddenly the bear turned toward the audience. Billy slipped from his seat, and, taking hold of his grandma's hand, said: "Tum tum, grandma, let's do home. I don't like the looks of dat bear."—*Exchange.*

LOCAL ITEMS

County Solicitor Roy P. Hamlin was a Daytona visitor Wednesday.

Capt. Luther Willin is operating an excursion boat between this city and points in Daytona Beach.

Mrs. M. L. Stanley will give a dance at her beautiful residence on North Ridgewood avenue Saturday evening.

Prof. C. R. M. Sheppard, county superintendent of schools, was in the city today from DeLand for the transaction of school business in Seabreeze.

Wanted—Heavy winter overcoat, slightly used. Daytona Beef company.

Master Burton Milligan, who has been detained at his parents' home on South Ridgewood avenue, by illness, is vastly improved, and will soon be able to resume his duties.

Rev. H. W. Hodge, pastor of the First M. E. church, is attending the annual meeting of the St. Johns River Conference of the M. E. church in session in St. Augustine from Wednesday until Sunday evening.

A fine eight-and-a-quarter-pound baby girl arrived this morning at the home in this city of Mr. and Mrs. R. Langfield. Both mother and baby are doing nicely. Dr. G. A. Klock was the physician in attendance.

FOR SALE—Second-hand furniture of all descriptions; five launches, speed, cabin and tender boats; new boat material and equipment; machine shop equipment and tools at a saving to purchaser of from a third to a half of first cost. Gene Johnson, 469 North Beach street. 32-33-35

Mr. and Mrs. Valentine Stern and sons, who have been located for some time past on West Second avenue, departed Tuesday on their return to Pittsburg, Pa., where they will again make their home, Mr. Stern having sold his property on Second avenue.

Miss Gertrude Lester has taken charge of the Bonfield travel bureau,

which has been established at the Ridgewood hotel on Ridgewood avenue. Miss Lester is well-known in Daytona, having been here last winter with the Bonfield Guide, with headquarters at Clark's drug store.

***Magnets recharged.** Work guaranteed. L. M. Drake, West Fairview. t.t.f

Mr. and Mrs. George Courvoisier, who are among the earliest and best known of Daytona's regular winter visitors, are located this season at the Seville hotel on South street. Mr. and Mrs. Courvoisier were among the first season guests of the Palmetto hotel and spent many seasons at that house.

The annual election of the Halifax River Yacht club officers was held last night at the yacht club house. The following officers were the principal ones elected: Commodore, Chas. J. Banta; vice commodore, H. E. Pence; president, E. L. Bond; secretary, Murray Foltz; treasurer, F. N. Conrad.

***FOR SALE**—Gasoline plant in good condition; cheap. 370 South Beach street. 34-3t&w

The Misses S. C., L. B. and Mary Atwood, of Westford, Mass., who have been in the city for the past two weeks, visiting their brothers, Dr. E. C. and William Atwood, and their families, departed this morning for Jacksonville, where they will spend the season according to their custom for several past years.

R. E. Lyle, who fell from a scaffold while at work on the Burgoyne band casino, yesterday, escaped very fortunately with fewer injuries than was at first supposed, the breaking of a rib being the most severe. When seen at his home in Holly Hill yesterday evening, Mr. Lyle was resting as comfortably as could be expected.

Mrs. J. A. Bryden, of Milwaukee, who has spent several winters in Daytona, arrived at the Magnolia Wednesday, where she will spend the season. Mrs. Bryden is the widow of the late James A. Bryden, who presented many gifts to the city of Milwaukee, among them being a very elaborate statue of the Scotch poet, Robert Burns.

No One Knows.
Why is it that so many men who can't swim a stroke will tell the best stories in the world of the old swimming hole?—*Milwaukee Journal.*

FLYING BOAT ARRIVES; TO CARRY PASSENGERS OVER LAND AND SEA

Miss Ruth Law may still be queen of the air, but there is a new king around here—king of the air and water. N. J. Nelson, a pioneer inventor and aviator who is known throughout the country, has arrived with his Curtis type flying boat, or hydro-aeroplane, as it is more commonly called.

The Submarine Exploring and Recovering Company of America, Inc., is establishing a home on City Island for one of its machines under the personal direction of Mr. Nelson. The public may now indulge in a flight over land and water with comparative safety, at a reasonable price. The company's passenger rate is \$10 for a ten-mile trip. Special emphasis was brought to bear by the president of the concern, A. G. Cohen, on the point that each individual may say just how high or how low he desires to fly and the aviator will respect his wishes.

The hydro-aeroplane, which will be ready for business by next Monday, has a hull 18 feet in length with a beam of 3 1/2 feet. Excepting her engine, she was built entirely by her pilot, Mr. Nelson. The motor is a genuine Curtis machine of the latest type. It is capable of driving the boat one and a fourth hours on 10 gallons of gasoline at a speed of 60 miles per hour.

N. J. Nelson, whose home is in New Britain, Conn., is a past master in the art of flying. He received his pilot's license four years ago from the Aero Club of America after his remarkable exhibition on the Chicago fields. He was the first man to fly at Pensacola, where the large navy aeroplane station now stands, and he also owned the third flying boat ever constructed in this country.

A remarkable and interesting feature relative to his genius, is the fact that Mr. Nelson builds all his own machines. He has five aeroplanes and six hydro-aeroplanes to his credit already. It is said that this talented aviator has flown in 17 states of the Union.

The company plans to illustrate to people the joy of flying without fear. The hydro-aeroplane is easily the safest of machines as it rises from the water and the water is a whole

lot softer place to drop than a strip of rocky ground. But there is no danger of falling. When automobiles first came into existence, people were doubtful. In time the world will accept the aeroplane as it has accepted the automobile.

The Curtis type machine is to be set up as soon as all of its parts reach here. A. J. Cohen and Mr. Nelson towed the body of the craft behind their car from Jacksonville to Daytona. They are expecting the arrival of the remaining equipment in a short time.

*** Optimistic Thought.**
It is better to do good than be conspicuous.

Usefulness in Growth.
Michel Angelo said: "The more the marble wastes, the more the statue grows." It is painful to see the chisel cut away the precious stone, but if grace and beauty follow, the process is worth while. Many of our losses are only the chips of stone that must fall away before the image of the Lord appears in human life.—*The Watchman-Examiner.*

Straw for Panama Hats.
Toquilla straw, from which Panama hats are made, is obtained from five or six species of the palm. The most important of these is known as Carludovica palmata, and grows in the warm, moist regions of the Pacific coast in Colombia and Ecuador, and also in the forests of Peru along the headwaters of the Amazon. This palm attains a height of six to ten feet. The leaves are fan shaped. Toquilla straw is exported to the United States and other countries, where the hats are made by machinery.

Old Age.
"Old age," said John Burroughs, the great naturalist, "is not so much a bugaboo after all. He is, in many ways, better to live with than youth, because he leaves you more at your ease; you are in the calmer waters; the fret and fever of life have greatly abated. Old age brings the philosophical mind; he brings a deeper, wider outlook upon life; he brings more tolerance and charity and good will. I did not squander my youth in excesses, and hence I am not bankrupt in my old age."

SCHOOL NOTES

The basket ball game between the Daytona high school and Gainesville high school teams will be played in the Arcade on Friday evening. A lively contest is expected.

Principal Marks is getting ready a list of materials needed for the playground adjoining the school building on the north side. This will be submitted to the chairman of the playground committee very shortly.

Saracina's band will render a concert program in the school auditorium Friday afternoon from 2:15 to 3:15.

At 3:15 Friday afternoon, weather permitting, flag exercises will take place in front of the school. This very pretty drill will consist of the "salute" to the flag, and singing of the "Star Spangled Banner" in unison.

When asked by a News representative what his personal opinion was of the Gary system, Principal Marks said that he thought it was well worth trying, that it has a great many good, sound points, and that it has brought about very good results where it has been tried.

FOR SALE OVER ONE THOUSAND ACRES ON THE INDIAN RIVER, FLORIDA

A Plantation and Townsite
A good investment for health and profit. The "Thousand-and-One-Acre Plantation" is located at Lytata, on the Indian river, about 12 miles north of Titusville, with the East Coast automobile highway running direct through the grove, and the East Coast railway station immediately in front of the postoffice and freight facilities, and a dock running out into the Indian river. About 20 acres of orange and grapefruit trees in grove form, and an enormous nursery of small trees. Half of the property is pine land, estimated by U. S. government expert at 44,000 boxes of turpentine, and never boxed. The place has been steadily improved for over 20 years by late owner, and can be bought reasonably with a large mortgage on easy terms. The need of the place is a capitalist to build a packing house, and to increase the acreage in fruit. Every acre of bearing fruit trees is worth \$1,000; there is probably 750 acres of this tract suitable for fruit. And the tract could be divided into plots for settlement of small holders.

F.E.C. ANNOUNCES NEW DEPARTURE IN BAGGAGE SYSTEM

FOR NOMINAL FEE LOCAL BAG-
GAGE AGENT WILL CHECK TO
ANY PLACE IN GREATER NEW
YORK.

A letter addressed to the president of the Daytona board of trade by General Passenger Agent John D. Rahner, of the Florida East Coast railway, a day or so ago, contained the following announcement, which will not only be of interest but most gratifying to many visitors in Daytona as well as local people:

"It may possibly interest you and other members of the board of trade to know that, commencing with the year 1916, we have perfected an arrangement with the New York Transfer company whereby the baggage agent, Daytona, may check from his station direct to any residence, hotel, business address, steamship or railroad terminal in New York City, the Bronx, Brooklyn, Jersey City, Hoboken and Bayonne.

"The baggage is forwarded under a special delivery check which insures prompt handling upon its arrival in New York. This arrangement, which is fast becoming universal, is the ideal method of handling baggage, as it can be forwarded in advance of the departure of the owner and be ready at destination on his arrival, or if checked for forwarding on same train with owner it receives, per se, quicker handling and a more prompt delivery, as baggage under these special checks is always given the precedence.

"The charge for this service, which must be prepaid, is only 75 cents.

"This added facility will doubtless be appreciated by the visitors to Daytona, especially in view of the fact that for the present at least only the patrons of the Florida East Coast railway are favored, no other line in Florida providing this service."

Don't Forget to Live.

Prepare to live by all means, but for heaven's sake do not forget to live. You will never have a better chance than you have at present. You may think you will have, but you are mistaken.—Arnold Bennett.

WILBUR-BY-THE-SEA

Mr. and Mrs. Frank S. Bryant, of Boston, Mass., arrived Tuesday and have opened their bungalow on Toronita avenue for the winter season. Mr. Bryant is president of the Wilbur-by-the-Sea Improvement association, and is much interested in the future development of Wilbur.

A large gang of workmen is at work building an addition to the pumping station for the waterworks. The present plant is too small to take care of the fast growing colony, and Mr. Wilbur has found it necessary to increase the plant to double its present output.

R. G. Craighead and Frank McComb returned yesterday with a good catch of bass and trout, which they caught in the vicinity of Wilbur.

A song service was held Sunday evening at the clubhouse and was largely attended by the cottagers. Mrs. Eaton rendered a soprano solo, assisted by Miss Ruth Wilbur at the piano. Miss Fannie Piper will have charge of the service on Sunday next.

A social was held at the clubhouse on Saturday evening and was largely attended. Many games were enjoyed, and refreshments served later in the evening. The prize for "noise" was awarded to the gentlemen at the "Pedro" table, but the "rummy" table, where William Eaton and a party of eight ladies were playing, was a close competitor for the honor.

John H. Carr, of Toronita avenue, has returned from a four-days' business trip to Richmond, Va. Mr. Carr found plenty of snow in Richmond and was glad to get back to warm weather again.

Every day is summer in Daytona.

 ding. Daytona Floral company, Mag-
 nolia avenue. w.t

Harold D. Baker, a brother of E.
 Granville Baker, of West Magnolia
 avenue, was among the arrivals from
 the North Wednesday. Mr. Baker is
 from Attleboro, Mass.

*If you have never tried Jones'
 Dairy Farm Sausage, you have some-
 thing good to look forward to. Mc-
 Donald's Market. 28-tf

*Miss Alice K. Green wishes to an-
 nounce that the class which were
 to be held on Saturday from 2:30 to
 5:00 will be held on Friday from 3:30
 to 5:00, by request of mothers. w.t

Maj. A. L. F. Deyo, of Little Falls,
 N. Y., and Max Penschel, of Lake-
 ville, Minn., who have travelled ex-
 tensively, are recent arrivals in Day-
 тона and guests at the Parkinson,
 Ridgewood and Magnolia avenues.

*I have from \$15,000 to \$20,000 to
 place for a client of mine on mortgage
 at 8 per cent per annum. Nothing
 less than \$1,000 in amounts consid-
 ered. Chas. F. Burgman, Arcade
 block. 27-tf

*Pansy plants, Marguerite daisies,
 verbenas plants for out-door bedding.
 Daytona Floral company, Magnolia
 avenue. w.t

E. A. Simpson, of Simpson & Pope,
 developers of the Ortona tract on the
 peninsula, arrived Tuesday from
 Hartford, Conn., and will be here for
 a time, probably with Mr. and Mrs.
 Pope at Ortona. Mr. Simpson is a
 prominent, well-known citizen of Hart-
 ford.

*On account of ill health, I am sell-
 ing all my goods at less than cost
 to close out my business. Mrs. L.
 E. Shealar, second floor, 98 South
 Beach street. 32-6t

W. M. Thompson and A. A. Miller,
 who came to Daytona Tuesday even-
 ing from Jacksonville and made an
 inspection of one or more of McCoy
 Brothers' boats at Holly Hill on
 Wednesday, preparatory to their be-
 ing placed in commission, departed
 Wednesday evening for Miami.

*Our heavy sweet cream is selling
 rapidly. McDonald's Market. 25-tf

*FOR SALE—Thoroughbred Ply-
 mouth Rock eggs for hatching. J. L.
 Reed, Daytona Beach. 34-7t

Howard Bonfield, who had been
 here for several days arranging for
 the opening of his information bu-
 reau, which this season is located in
 the lobby of the Ridgewood hotel, de-
 parted Wednesday for Jacksonville.
 While in Daytona Mr. Bonfield was a
 guest at the Howard hotel, his usual
 stopping place.

*Good weather to see the alligators
 up Tomoka on charter launch Home
 Run. See Mills. Every comfort. 33-3t

*We have that rich sweet cream
 for whipping at McDonald's Market. 28-tf

Mrs. Robert A. Tuftt arrived Wed-
 nesday evening, as expected, from
 Charlotte, N. C., and is visiting Mr.
 and Mrs. G. W. Chandler at their
 winter home, 133 South Ridgewood
 avenue. Mr. Tuftt when in Daytona
 some time ago stated that Mrs. Tuftt
 expected to visit here this month and
 her friends have been looking forward
 with pleasure to her coming.

*We have coconuts to eat, funny
 coconut faces and young coconut
 trees, at P. Ladas' Fruit Store. mtt

*Three window frames and sashes
 and two doors for sale. Magnolia ho-
 tel. t.t.s

Rev. Dr. Eastman, pastor of Park
 church, Elmira, N. Y., and a brother
 of Mrs. W. H. Edmondson, of Holly
 Hill, arrived Tuesday evening for a
 visit of six weeks or more with Mr.

and Mrs. Edmondson. Dr. Eastman
 has visited here in former seasons
 and his friends will regret to learn
 that he is temporarily confined to his
 bed by a severe grippe cold contract-
 ed in Baltimore on his way South.

SPANISH ACTRESS

SCORES IN SEA DRAMA
 At the Arcade theater Thursday
 will be shown "The Friends of the
 Sea."

A strong story of the friendship
 between two men is "The Friends of
 the Sea," a Banner feature in two
 reels, produced by Reliance. Monroe
 Salisbury and Alfred Paget are
 starred in this Damon-Pythias drama,
 with beautiful Adoni Fovieri as the
 girl beloved of both. The scenes are
 laid in a primitive fishing coast fish-
 ing village, and on Brenton's reef,
 known as "The Seaman's Grave."
 Wonderful ocean backgrounds lend
 beauty and impressiveness to a deep-
 ly touching story. The finale recalls
 "Enoch Arden"—and yet the tale is
 different, with a flavor and human
 appeal distinctly its own. For the full
 program read the back page of the
 Daily News.

RETURN FROM AUTOMOBILE

TRIP TO JACKSONVILLE

Mr. and Mrs. Horace Allen returned
 Wednesday from Jacksonville and
 are again at their winter home on
 South Ridgewood avenue. Mr. and
 Mrs. Allen motored to the state me-
 tropolis in their car on Sunday, ac-
 companied by their daughter, Miss
 Martha Allen, and Miss Antoinette
 Foltz. Miss Allen was married in
 Jacksonville Monday afternoon to
 Roger Steffan, of Durham, N. C., and
 left the former city for a wedding
 trip and her new home in Durham,
 and Miss Foltz remained in Jackso-
 nville with a college friend. Mr. and
 Mrs. Allen met in Jacksonville and
 brought back to Daytona with them a
 sister and brother-in-law and sister
 of Mr. Allen, Miss Florence Allen, of
 Troy, Ohio, and Mr. and Mrs. T. H.
 Farmer, of Scituate, Mass., who will
 be with them for the remainder of
 the season. All have previously vis-
 ited here, though not for several years
 and Miss Allen especially is finding
 many friends made during former
 visits.

If you read it in the Daily News it
 is pretty apt to be just that way.

SMOKER HELD BY PAINTERS' LOCAL

The Painters' local held a smoker
at Union hall on North Beach street
Tuesday evening of this week, follow-
ing a short business meeting, and a
very profitable and pleasant evening
was enjoyed. The smoker was large-
ly attended, invitations having been
extended to the painters of Daytona,
Daytona Beach and Seabreeze, Or-
mond and New Smyrna. Members of
the recently organized Plumbers' lo-
cal were also present toward the end
of the evening.

The object of the special meeting
and smoker was for the purpose of
bringing the painters in closer touch
and engaging in discussion of those
matters which would result in benefit
both to them and to their patrons, one
of the subjects of the evening being
the durability and value of various
brands of paints and their improper
application. It is the purpose of the
union to educate the members upon
the necessity of giving full value to
their patrons in both work and mate-

rial so that they will remain satis-
fied customers.

In addition to the smoker a lunch
and soft drinks were enjoyed by the
members and their guests and added
to the pleasure of the social side of
the meeting.

Following is a list of the recently
elected officers of the Painters' local:
President, J. F. Carrigan; vice presi-
dent, D. Knight; recording secretary,
K. W. Philpaw; financial secretary, H.
Schrage; treasurer, E. M. Mansfield;
conductor, J. Rineburg; warden, B. F.
Clifton. The trustees elected were
Adrian Puquay, J. Yelvington and C.
B. McArthur.

He Did Not

Jeff de Angelis met a New York
newspaper man. "Do you remember,"
asked the newspaper man, "one time,
while you were playing in Kansas City,
you offered \$10 for the best original
verse for your 'Women' song?" "I
do," replied the comedian. "I won
that ten." According to the laws of
fiction, Mr. de Angelis should have
said: "I've been looking for you for
years. Here's \$1,000 as a retainer."
But he didn't. What he did say was:
"Well, that's so long ago I guess we
can be good friends, nevertheless."

WILSON IS OPPOSED TO FORCE OF ARMS

WASHINGTON, Jan. 13.—The president
made it perfectly plain to-day that his position re-
garding affairs in Mexico remains unchanged. His
opposition to armed intervention is as strong as
ever.

It is understood that Wilson told Senator Shep-
pard that the Americans who have been killed
were warned by the United States to stay clear of
the very section in which the massacre occurred.
The Mexican ambassador gave assurance of his
government's intention to do all in its power to
bring the murderers to justice.

El Paso reports that General Trevino, com-
mander of the Carranza garrison at Chihuahua
city, is pursuing the bandits with 300 troops. His
orders are to shoot the Villaists on sight.

COTTON COMPRESS DESTROYED.

HOLLY SPRINGS, Miss., Jan. 13.—The Gren-
ada cotton compress, with 4,500 bales of cotton,
and the adjacent buildings, were burned to the
ground to-day. The loss is estimated at \$400,000.

BRITISH BLOCKADE TO BECOME MORE RIGID

LONDON, Jan. 13.—An official announcement
made here to-day declares that a more stringent
blockade of German ports will go into effect within
10 days. Developments of prime importance which
will have a serious bearing upon the United States
are believed imminent. It is rumored that England
is about to cut off all shipments of "contraband
merchandise" from the Scandinavian countries
except upon certain conditions.

CHICAGO PROVISION MARKET.

CHICAGO, Jan. 13.—May wheat is quoted at
\$1.28 5-8, corn at \$0.80 1-8, pork at \$19.65, lard
at \$10.92, and ribs at \$10.92.

CHICAGO SUFFERS ZERO WEATHER.

CHICAGO, Jan. 13.—The temperature here
to-day is 6 below zero. A drop to 14 is the predic-
tion for tonight. It is stated that the train service
near the western city and in other parts of the sec-
tion has become demoralized as a result of the
heavy snows and arctic weather.

FISHING

In good runs, and so is the time to get in on this
Let me show you a lot on South Ridgewood avenue
on which I will build you a house after your own plan
let you make a small payment down, and the rest in
same as rent. The location is splendid, and the terms
cannot be beaten.

I have a client who wants to borrow Six Thousand
Dollars on good improved property in Daytona. Will
you investigate this?

WEDDED IN JACKSONVILLE TO NORTH CAROLINA EDITOR

Mr. and Mrs. Horace Allen, of Troy,
Ohio, who are spending the season in
this city, announce the marriage of
their daughter, Miss Martha Pamela
Allen, to Roger Steffan, of Durham,
N. C., in Jacksonville Monday of this
week.

Mr. and Mrs. Allen and their daugh-
ter, who had been spending the sea-
son with them at their winter home
on South Ridgewood avenue, motored
to Jacksonville Sunday, where the
groom was awaiting their coming.
The wedding took place at 3:30
o'clock Monday afternoon in the First

Presbyterian church of Jacksonville
and following the ceremony the
wedding couple departed on their
journey. Mr. and Mrs. Steffan will
be at home in Durham after the first
of February.

Mr. Steffan is editor of the Dur-
ham Sun and he and his bride, who
has made many friends during her
sojourn in Daytona, will have busy
good wishes for their happiness and
prosperity.
